

WEDNESDAY, JULY 18, 1906.

LOCAL NEWS.

Miss Nellie Jones, a very pretty young lady from Ridge Spring, is the guest of her cousin, Miss Coy Wood.

The labor situation is very acute all over the state. Citizens in the vicinity of Summerville have made application to Governor Heyward for 300 convicts.

Rev. Marvin Auld represented the Edgefield Methodist church at the District Conference which was held at Graniteville on Saturday and Sunday next.

To be superintendent of education in Asheville must be a "soft soap." Eight candidates have already announced for this office and there is a prospect of one or two more.

Mr. Orlando Sheppard who has been quite indisposed for some time is spending a few days in Newberry. Later he will go to Glenn Springs for several weeks of complete rest.

A farmer—not an Edgefield farmer, however—once heard of a man who had successfully raised two-dollar bills, and immediately wrote to his congressman in Washington to send him some of the seed.

It is while you are patiently toiling at the little tasks of life that the meaning and shape of the great whole of life dawns upon you. It is while you are resisting little temptations that you are growing stronger.

The first issue of The Star, the weekly paper that is to be published at Ninety Six, S. C., by Rev. E. A. McDowell, will appear on August 16th. It was his original purpose to let its founding date from the 1st of July but has been delayed for some reason.

The regular quarterly conference of the Phoenix circuit (if we are correctly informed as to the name) will be held at McKendree on Saturday and Sunday next. Presiding Elder Duncan will be in attendance and will preach on this occasion.

The outlook for the next session of the S. C. C. I. is exceedingly bright. Prof. Entzinger has told us that several applications have been received from new students. These were voluntarily sent in before any canvassing has been done.

We direct attention to the new advertisement of Mr. C. E. May in which he tells of the mid-summer sale on at his store. Mr. May says "a little money will go a long ways now," and he will prove it to you if you will give him a call.

If there are any persons in Edgefield county who aspire to office but have not yet announced their candidacy, there are but three days of grace left to them. All pledges must be filed and assessments paid by noon of Friday, July 20th. Ye embryo candidates, speak by noon of Friday or forever hold your peace.

Now is the time to give the turnip patch attention. The way to succeed in growing them is to prepare well, fertilize well and then plant Buist's seed. We have all varieties, Buist's Improved Ruta Baga, Yellow, Aberdeen, Golden Ball, Yellow Globe, White Globe and Seven Top. Send in your orders.

Augusta claims the congratulations of President Roosevelt, the mortal enemy of race suicide, on the grounds that the records of the board of health of that city show that eight sets of twins have been born within the past two months.

Greenville citizens who delight in an early morning cocktail or who have a weakness for a mid-night high-ball are hard put now-a-days to secure the necessary ingredients.—Greenville News.

It will be remembered that Greenville ranks among the prohibition counties.

The candidates for cotton weigher will soon be on the home stretch. But little more than two weeks yet remain before the tale will be told. As the end approaches the race will wax warm, each realizing that one vote, just one, may turn the tide in his favor.

An exchange tells of a newspaper reporter who interviewed thirty successful business men and found that all of them when boys had been governed strictly and frequently thrashed. He also interviewed thirty loafers and learned that twenty-seven of them had been "mama's darling," and the other three had been reared by their grandmothers.

The special committee of the grand jury, appointed to inspect the books and records of the several county offices, is now engaged in its work. The committee is composed of Messrs. A. E. Padgett, S. B. Mays, N. M. Jones, S. H. Manget and B. R. Smith. The report of its work will be embodied in the presentment of the grand jury at the August term of court.

The work of rebuilding the burned store of Mr. W. W. Adams will begin this week, and at an early day actual work on the large brick warehouse near the depot, which Mr. Adams has had in contemplation for more than a year, will also begin. It is his purpose to have both of these properties completed before the rush of fall business is on.

The work on the Episcopal church is being carried rapidly forward. Very soon the enlargement and other improvements of the church building will be completed. Since coming among us, the very faithful efforts of Rev. R. G. Shaunhouse in behalf of his church and people, have not been without good results.

Beginning on Friday, July 20th, Mr. J. E. Hart will inaugurate a mid-summer, out-price sale, which will last for ten days only. During this time Mr. Hart will offer some unprecedented bargains in staple and seasonable merchandise. He means every word that he says in his new advertisement which appears in this issue. Read it.

Everywhere the demand for cooks seems to be greater than the supply. Not many years hence all female colleges will have their cooking department, just as they now have their art and music departments. Why should not girls be taught to cook? The princess of Wales, England's next queen, prides herself on being a good housekeeper and cook. Whether they have to or not, the American queens should also be taught to cook. Then, when the cook "comes up missing" some morning, the day's routine work of the household can go forward without a ripple of confusion.

Have you a phonograph in your home? If you haven't, purchase one. It will help to drive away the ennui incident to these long, hot days. Mr. S. H. Manget, the bookseller and stationer, of Trenton, sells them. He also carries in stock several hundred Edison records and is constantly adding new ones as they are issued.

Ladies, read the astonishingly low prices that Mr. W. H. Turner is making at the Corner Store in order to reduce his stock. Many prices are cut half in two. Mr. Turner is also offering some great bargains, to the men in shirts and hats. Read the Corner Store's advertisement in this issue. It will pay you.

Mr. and Mrs. James T. Ouzts, of Elmwood, both of whom are enjoying excellent health and are more youthful and vigorous in mind and body than are many persons who are many years their junior, have been visiting their daughter, Mrs. W. H. Hartling for several days. They are always very cordially greeted when they visit Edgefield.

It is somewhat out of season to speak of buying wood, yet it may not be amiss to put the wood buyers on notice that they will probably have to pay higher prices next winter. A gentleman who will have a large lot of pine wood for sale told the writer a few days ago that he will ask \$2.00 per cord for it when he offers it for sale next winter.

Mr. R. W. Timmons, who for several seasons has been the very efficient superintendent of the Edgefield oil mill, is now engaged in repairing and overhauling the machinery generally. By the opening of the next season, which will be early in September, Mr. Timmons will have everything in ship shape. Being a mechanical genius of extraordinary ability, he is thoroughly capable of having the work done in the best possible manner.

"Uncle Sam" is more considerate of his employees than are many corporations and individuals. A vacation of fifteen days will be granted to the R. F. D. mail carriers and their regular salary will be paid for the full time. This is well. These men, who are numbered by the thousands, faithfully perform their duty every day in the year, Sundays excepted, and are entitled to some consideration.

Col. James T. Bacon, Messrs. L. W. Cheatham and J. L. Mims left yesterday for the Isle of Palms to attend the annual meeting of the press association. The editors of the Chronicle and Advertiser will bathe their shapely limbs frequently in the refreshing waters of the "briny deep" so as to be in good trim for the two great picnics, and in order to be able to run the campaign gauntlet with the county candidates.

Mr. R. A. Cochran spent the major portion of last week in Columbia in attendance upon a meeting of the State Board of Equalization, whose duty it is to assess railroads, cotton mills, etc. This year they will also pass upon the real estate assessments of the state. The duties of this board are exceedingly important, as well as irksome, but if the members from the other counties can measure up to Edgefield's representatives in integrity of character and in good, sound judgment, then all matters which come before it are in safe hands.

The executive committee arranged for five county campaign meetings, as follows:

Red Hill, Friday, July 27th.

Johnston, Monday, August 6th.

Roper's, Thursday, August 9th.

Rehoboth, Friday, August 10th.

Edgefield C. H., Thursday, August 23rd.

We notice through the papers that come to our desk from every section that some towns have a per capita dog tax of one dollar, requiring every dog to wear a badge. If all the dogs in Edgefield were taxed one dollar per head it would serve two good purposes. Besides putting a goodly sum in the treasury which could be expended in public improvement, it would rid the community of a worthless class of curs that are a menace to every man, woman and child in the town.

Throughout the spring months and thus far into the summer, Edgefield has been a very healthy town. None can be found with a better record. Now, if every home owner will look after the cleanliness of his premises, using lime freely, we see no reason why this good record cannot be maintained throughout the remainder of the summer. Bear in mind that a little precaution may ward off much suffering and anxiety, not to mention the heavy expense incident to protracted illness.

Rev. William Aiken Kelly, who disappeared so mysteriously about two years ago while pastor of the Methodist church at North Augusta, has recently been operated upon in the hospital in Charleston for brain trouble, and has been fully restored to his normal condition. It was found that pressure upon the brain caused the mental aberration under which Mr. Kelly has been laboring. His complete restoration is very gratifying to many persons throughout the state. He ranks among the brightest young ministers of the Methodist Conference.

Be constantly on the alert these days for mad dogs, and if your dog has been bitten by a suspicious dog do not take any chances but have it killed at once. Several mad dogs have passed through Edgefield recently. The last one appeared on Sunday morning and was given a hot chase by Mr. Joe Eves Mims, the expert mad dog killer, who put an end to the crazed brute on the northern outskirts of the town. If you know of any dog that has been bitten which has not yet been killed report it to the town authorities.

Modest Claims Often Carry The Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery and pains in the stomach and bowels. For sale by G. L. Penn & Son.

The first guns of the county campaign will be fired at Red Hill on Friday of next week, July 27th. Everything that is on the race track, from the candidates for Congress down to those who want to weigh Edgefield's 8,000 bales of cotton next fall, will be on hand in their best bib and tucker. There will be speech making galore on this occasion. Some of the candidates, we hear, are already practicing their orations and expect to make the welkin ring.

Capt. R. B. Cain, who is still writing his share of insurance, stopped over in Edgefield for several days last week. While here he procured a copy of the recently enacted license ordinance of the town of Edgefield to send to his company, which, he states will pay the license without raising the slightest objection. Capt. Cain says that a great number of towns require a license. In some the amount is as high as \$30, while in Edgefield the license will not exceed one-third of that amount.

Death of a Gallant Veteran.

The very sudden death of Mr. E. H. Reynolds on Wednesday morning, July 11th, was a great shock to our community. For some time previous Mr. Reynolds had been quite sick but had apparently recovered. The interment took place at Gilgal on Thursday morning, the Rev. C. E. Burts officiating at the funeral.

The deceased was one of the oldest members of the old and honored Reynolds family which has been for many generations prominently identified with the affairs of the county, especially of the West-side.

Mr. Reynolds was not only a useful citizen in times of peace but during the entire four years of the Civil War he fought bravely for his country. He enlisted in Capt. T. C. Morgan's company. The demise of this good man removes from our midst a devoted, tender and affectionate father and a sterling citizen. He is survived by a wife, who was Miss Martha Cochran, and seven children, to all of whom we extend deepest sympathy.

Cotton Warehouse For Trenton.

We publish in this issue a notice from the corporators of the Trenton Warehouse Company to the effect that the books of subscription will be open at the store of Mr. S. T. Hughes on July 21st. The authorized capital stock will be \$3,500, divided into 35 shares of \$100 each. The building of the proposed warehouse, besides being of great advantage to our sister town of Trenton commercially, will benefit the agricultural interests of that vicinity. The men who are back of the enterprise are men of good, sound judgment and are possessed of large means consequently the success of the undertaking is already assured.

Bowel Complaint in Children.

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy as it promptly controls any unnatural looseness of the bowels. For sale by G. L. Penn & Son.

Do Not Neglect Your Bowels.

Many serious diseases arise from neglect of the bowels. Chamberlain's Stomach and Liver Tablets are a pleasant and agreeable laxative. They invigorate the liver and regulate the bowels. For sale by G. L. Penn & Son.

A Postage Stamp.

I'm a stamp—a postage stamp—a two center. I don't want to brag, but I am never liked but once, by a gentleman, too. He put me into a good thing. It was an envelope, perfumed, pink and square. I've been stuck on that envelope ever since. He dropped me, the pink envelope and me, through a slot in a dark box, but we were rescued by a mail clerk, more's the pity, for he hit me an awful smash with a hammer. It left my face black and blue. Then I went on a long journey of two days and when we arrived the envelope and me, we were presented to a perfect love of a girl with a pair of the stunningest blue eyes. Say, she's a dream. Well she mutilated the pink envelope, and tore the corner of me off, with a hairpin. Then she read what was inside the pink envelope. I never saw a girl blush so beautifully. I would be stuck on her if I could. Well, she placed the writing back in the pink envelope, then she kissed me! Oh, ye little gods! Her lips were ripe as cherries and as warm as summer sun. We, the pink envelope and me, are nesting snugly in her bosom, where we can hear her heart throb. It goes faster when she takes us out. O, this is great! I'm a stamp—a two center.—Ex.

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Singhamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Singhamton, N. Y., on every bottle.

If you want good insurance cheap—at actual cost—let me write you a policy in the Southern Mutual Life Insurance Association.
